Actionable highlights

The product squads unlocked three directional initiatives that should be prioritized before the growth summit. Each item links revenue impact with a clear owner and expected deliverable.

Unified handoffs

Improve the lead-to-onboarding workflow by consolidating intake forms and instrumenting the welcome tour analytics.

Insight surfacing

Bring surfacing of AI co-pilot suggestions directly into the workspace canvas to increase

weekly stickiness.

Hybrid playbooks

Launch the curated playbooks for hybrid teams including asynchronous templates and follow up nudges.

Voice of customer

Expand the research panel to include enterprise champions and attach closing-the-loop rituals.

Delivery timeline

January 08 — Discovery sprint

Complete shadowing sessions with top 12 accounts and instrument new activation funnels.

January 22 — Experience alpha

Roll out revised navigation to 18% of the cohort and collect qualitative day-7 feedback.

February 12 — Growth summit

Present the narrative and secure resourcing for self-serve expansion alongside sales enablement.
